Shoaib Rauf

Problem Statement

Lack of a one-stop portal that gives you all the information you will need to plan your trip domestically.

Introduction

We plan to create a portal that will help users to plan their upcoming trips.

Existing Problem

Planning a perfect trip by yourself can be an overwhelming process if you don't have the right ideas. Where to go, where to stay, how much is your total budget, and many other things which must be taken into consideration for a safe and successful trip.

Proposed Solution/Changes

We provide you with software that allows you to plan your trip in the most feasible way and we allow you to be open and explore according to your preference.

Tools & Techniques

Language used: C
IDE: DEV C++,Visual Studio

Timeline/Breakup

List of Features
- Perfect hotel guide for your trip
- Display Hotel options according to your budget.
- Display budget.
- Stores customer information (with permission)
- 10% Discount on using our software
- Managing user records
- Displaying extra amenities
